TWO ROMANESQUE JEWELS AT LA VALL D'AVENCÓ

Avencó Valley was called *Valle Magna* –Big Valley– but it soon changed to Avencó (*Avencone*), the name of the peasant settlement which became part of the parish of Sant Martí d'Aiguafreda in 898. This valley is one of the historic boundaries of Aiguafreda and has gathered a significant number of inhabitants –who lived either in masies or in Les Ferreries – since the Middle Ages.
